DIPARTIMENTO DI **FISICA E ASTRONOMIA**
“**ETTORE MAJORANA**”

DOTTORATO DI **RICERCA** IN
SCIENZA DEI MATERIALI E NANOTECNOLOGIE
XXXIX CICLO

Physics of Matter (2 CFU: 14h theory)

Teaching staff: prof. Antonio Terrasi

email: antonio.terradi@ct.infn.it

office: 213, DFA

lecture period: 1st semester 2023/2024

PROGRAMME OF THE COURSE

- Structural and electrical properties of materials
- Point defects and extended defects
- Nucleation, solidification, amorphous-crystal transition.
- Silicon technology
- Thin film deposition and epitaxy
- Molecular Beam Epitaxy
- Materials and technology for renewable energy production: photovoltaics, green hydrogen, fuel cells
