

**Erasmus Traineeship (incoming) – Academic year 2017/18 II Semester – at the Department of Chemical Sciences**

|   | <a href="#">Topic</a>  | <a href="#">Study cycle</a> | <a href="#">Length</a> | <a href="#">Tutor</a> | <a href="#">Institution</a>                         |
|---|--|-----------------------------|------------------------|-----------------------|---|
| 1 | <a href="#">Chemistry of Schiff-base ligands</a>   | post graduate               | 6 months               | GIUSEPPE GRASSO       | <i>ADAM MICHIEWICZ UNIVERSITY IN POZNAN, POLAND</i> |
| 2 | <a href="#">Fabrication of nanomaterials and physico-chemical characterisation at the (bio)interface</a>           | post graduate               | 3 months               | CRISTINA SATRIANO     | <i>UNIVERSITY OF ULSTER, NORTHERN IRELAND</i>       |
| 3 | <a href="#">Physical Chemistry of condensed matter</a>   | post graduate               | 6 months               | GIUSEPPE GRASSO       | <i>ADAM MICHIEWICZ UNIVERSITY IN POZNAN, POLAND</i> |
| 3 | <a href="#">Bioinorganic side of proteins / enzymes and physico-chemical characterisation</a>                      | Ph.D.                       | 6 months               | CRISTINA SATRIANO     | <i>UNIVERSITE D'AIX-MARSEILLE, FRANCE</i>           |
| 4 | <a href="#">Spatially resolved characterization of organic and hybrid thin films</a>                               | Ph.D.                       | 3 months               | ANTONINO LICCIARDELLO | <i>UNIVERSITY OF NAMUR, BELGIUM</i>                 |
| 5 | <a href="#">Surface mass spectrometries</a>  | post graduate               | 3 months               | ANTONINO LICCIARDELLO | <i>UNIVERSITY OF NAMUR, BELGIUM</i>                 |
| 6 | <a href="#">Biochemical and Biophysical Studies on the Role of Angiogenin in angiogenesis</a>                      | post graduate               | 3 months               | CRISTINA SATRIANO     | <i>GÖTEBORGS UNIVERSITET, SWEDEN</i>                |
| 7 | <a href="#">Surface mass spectrometries</a>  | under graduate              | 3 months               | ANTONINO LICCIARDELLO | <i>UNIVERSITY OF NAMUR, BELGIUM</i>                 |
| 8 | <a href="#">Surface functionalisation of materials and physico-chemical characterisation at the (bio)interface</a> | post graduate               | 3 months               | CRISTINA SATRIANO     | <i>UNIVERSITE DE MONS-HAINAUT, BELGIUM</i>          |
